MORE ABOUT ROCK & POP TOURS...

Rock and Pop Tours is the world's first tour company specialising in boutique rock and popular music experiences to global music epicentres.

Rock and Pop Tours provide music fans with an access-all-areas view of famous venues, studios and locations, as well as visiting some fascinating music museums and haunts.

The tours will give participants a better understanding of their favourite bands and artists and allow you to explore the myths, learn the truth and decide what really happened. They will take you behind the scenes, into the studio, into the hotels, backstage, upstage, downstage and onstage, so you get a taste of what it really takes to weave a career path as a professional musician. Evenings will be spent attending some great gigs of well-known and almost famous musicians at iconic venues. You may even meet a couple of them along the way - anything can happen on a Rock and Pop Tour...
